DR. WARNER'S celebrated
Coraline Health Corsets have
one peculiarity which pertains
only to corsets of their make.
The bust retains its shape to
the end, and the corset im-
parts to the wearer a well-
proportioned and beautiful
figure. The corset is boned
with Coraline, a substance
superior to the finest whale-
bone. Made in short, medium
and extra long waists.

There are many imitations, but you will
find "Dr. Warner's Corsets" pointed on
the inside of every garment. They
are sold by your nearest dry goods dealer.

A copy of each will be sent on receipt of 2 cents in stamps except "Wages, Living and Trade," which will be sent for 30 cents or any twelve for 30 cents or any five for 10 cents, postage paid. Orderly number, T. A. SLOCUM, M.C. 38 Pearl st., New York.

A Great Popular Cyclopedic.

The last volume issued of Alden's **Man's Field Cyclopedic** is full up to the highest standard of the preceding volumes, and readers will be pleased to learn of the rapid progress the work is now making; strong financial allies have recently been secured in the publishing department, two large printing offices are now at work upon it, and the publication is to be hastened to completion with all the speed that abundant resources and energy can give it. People have wondered how a work of such superior merit and magnitude, and so handsomely and thoroughly well got up, a rival of the Britannica, Johnson, Appleton and rest could be produced at all, at prices so remarkably low, and searchers after knowledge, as well as the publishers, are to be congratulated upon the new promise of success. A 10 volume Cyclopedic, including an Unbridged Dictionary of language, large type, several thousand illustrations—all for \$7.00, and even that in such easy instalments as one pleasure to ask, almost a great thing for the public! Specimen pages sent free to any applicant, by the publisher, John B. Alden, New York, Chicago, and Atlanta.
